4/4

Reference Numerals

- 1 Battery voltage detector
- 2 Charge and discharge voltage detector
- 3 Temperature sensor
- 4 Operational control circuit
- 5 Charge interruption controller
- 6 Charging current interrupter
- 7 Abnormality display device
- 8 Discharge circuit interrupter
- 9 Remaining capacity display device
- 10 Degradation detector
- 11 Shunt resistor
- 12 Secondary battery
- 13 Refreshing demand display device
- 14 Refreshing discharge circuit
- 15 Refreshing switch
- 16 Terminal
- 23 Positive electrode plate
- 24 Negative electrode plate
- 25 Separator
- 101 Battery package
